## District 108 IB4 Milan - 48 Clubs - 1,110 members (as at September 30, 2022)

Our District is 108lb4 "Milan Metropolitan City" and is made up of 48 Clubs with over 1,110 Members.

We are a district that covers Milan and its metropolitan city, therefore, we are probably one of the smallest districts ever.

This however allows us to be determined and lean in the execution of the Services and in fundraising.

We are proud to have achieved a great result in the Lions year 2021/22. Having been the first Italian district for donations to the Foundation per single member.

We are also particularly happy to have achieved a percentage of model clubs out of the number of clubs in our district.

## District 108 IA3 – 61 Clubs – 1897 members (as at September 30, 2022)

At the end of Campaign 100, in our district all the members Lions are very proud to have reached the budget, which looked “Mission impossible” when it was assigned. After 4 years, we can say that a gran part of our members is become aware of how our LCIF is important for the clubs and to can project and realize projects very important for each one community, but for the country more or less far from Italy. We are an international association.

Now it is easy to tell with clubs and their members telling about the amount of the services realized thank to the contribution of LCIF. The numbers tell by self and the total grant obtained means that the clubs could accomplish project for a total amount of 490.000 US\$ more or less.

A huge achievement. It shows that the LCIF is a great friend of us and we can ask its help to try solving problems of people in need: this is our duty, the reason for which Melvin jones founded our Association.

We must remember it and continue to donate.

Thank you Mr. Yamada to be with us.
